If an injunction is obtained against Buyer's use of the Work or a portion thereof as a result of an IP Claim, Seller shall either
 - i) procure for Buyer and its Customer the right to continue using the Work, or

This indemnity and hold harmless provision shall not be considered an allowable cost under any provisions of the Order except with regard to allowable insurance costs.

27. ADVERTISING, USE OF NAME

The Seller shall provide an endorsement on each policy in (a) above providing that Buyer shall receive thirty 30 days prior written notification from the insurer of any termination or cancellation of coverage. Seller's purchase of appropriate insurance coverage or the furnishing of certificates of insurance shall not release Seller of its obligations or liabilities under the Order.

c. Self-Assumption: Any self-insured retention, deductibles and exclusions in coverage in the policies required under this Insurance and Precautions clause will be assumed by, for the account of and at the sole risk of Seller or its subcontractor which provides the insurance and, to the extent applicable, will be paid by Seller or its subcontractor. 32. SUBCONTRACTING

Seller shall notify Buyer before subcontracting 70% or more of the Order. b. Seller represents and warrants that neither Seller nor any of its principals, consultants, subcontractors, shareholders, directors, officers, employees or agents has performed or will perform any act which would constitute a violation of the requirements set forth in Subsection a. of this Compliance with Laws clause. If at any time Seller becomes aware of information or circumstances that suggest this representation and warranty may not be accurate, it shall notify Buyer immediately in writing, but not more than seven (7) calendar days after becoming aware of such circumstances.

- c. Each Party shall provide all information reasonably requested by the other Party for compliance with the Export Regulations and equivalent regulations in relation to the Order, including, but not limited to trade control classifications, end-user/end use certificates and certificates of origin. - b. Each Party shall indemnify and save harmless the other Party from and against any and all damages, liabilities, penalties, fines, costs, and expenses, including attorney fees, arising out of claims, suit, allegations, or charges of a Party's failure to comply with all applicable Export Regulations of the United States and equivalent regulations in relation to the Order. Any failure of a Party to comply with the provisions of this Export Controls clause may be deemed a material breach of the Order by other Party. Each Party acknowledges that it will be responsible for ensuring that all applicable Government export control requirements are conveyed to all its sub-tier suppliers or subcontractors that will be provided or may have access to Technical Data/Technology or Defense Services supplied by the other Party under the Order.
